## AUDITED ANNUAL REPORT

For the year ended June 30, 2024

This report shall not constitute an offer or a solicitation of an offer to buy shares of Franklin Templeton Investment Funds (the "Company"). Subscriptions are to be made on the basis of the current prospectus and its addendum as the case may be, where available the relevant Key Information Documents ("KIDs") or Key Investors Information Documents ("KIIDs"), a copy of the latest available audited annual report and, if published thereafter, the latest unaudited semi-annual report.

The auditor's report refers only to the full English version of the Annual Report and not to any translated versions.

# Report of the Board of Directors

## The Board of Directors

### Chairman

#### **Gregory E. Johnson**

*Director since November 28, 2003*

Greg Johnson (63) is executive chairman of the Board of Franklin Resources, Inc.

Mr. Johnson was elected co-CEO of Franklin Resources in 2004 and served as the company's CEO beginning in 2005 until February 2020. Under his tenure as CEO, Franklin Templeton became one of the most globally recognized firms in the asset management industry. In 2020, Mr. Johnson became executive chairman.

Mr. Johnson earned a B.S. in accounting and business administration in 1983 from Washington and Lee University, and his Certified Public Accountant (CPA) certificate in 1985. He is a board member and past chairman of the Investment Company Institute's Board of Governors. Mr. Johnson is a past vice chairman of the Mutual Fund Forum and a past chairman of the Western district of the Securities Industry Association. He is a current board member of Jumpstart, an early literacy and education organization. Previously, he served on the board of the San Francisco Symphony. Mr. Johnson serves as the chairman and designated control person for the San Francisco Giants and serves on Major League Baseball's audit and competition committees.

### Directors

#### **Mark G. Holowesko\***

*Director since November 30, 1994*

Mark Holowesko (64) is the founding Partner and Chief Executive Officer of Holowesko Partners Ltd (HPL). Mr. Holowesko launched the firm in the fall of 2000, under the name of Templeton Capital Advisors, to serve the needs of institutional and high-net-worth investors. Subsequently renamed Holowesko Partners, under his leadership HPL has enjoyed steady and consistent growth and now stands as one of the premier global equity hedge firms in the industry.

Mr. Holowesko's investment career began in 1985 when he joined Templeton Global Advisors Ltd. as a research analyst. By 1987, he had assumed the day-to-day management of all portfolios previously managed by Sir John Templeton, including the Templeton Growth Fund and the Templeton Foreign Fund. In 1989, Mr. Holowesko became the Director of Research of the Templeton Global Equity Funds and later, in 1996, assumed the role of Chief Investment Officer.

Mr. Holowesko served as a member of the Executive Committee of Templeton, Galbraith & Hansberger from 1987 to 1992 and as a member of the Executive Committee of Franklin Resources from 1992 to 2000. Mr. Holowesko was Director, President & Head of Investments of Templeton Global Advisors Ltd. from 1992 to 2000.

#### **William C. P. Lockwood\***

*Director since December 1, 2014*

William Lockwood (68) joined Franklin Templeton in 1992 and served as General Manager of the Franklin Templeton Luxembourg subsidiary and Franklin Templeton Investment Funds until December 2005. From December 2005 until January 2014, he was Conducting Officer of Franklin Templeton Investment Funds and of Franklin Templeton International Services S.à r.l. subsequently. The Conducting Officer role was a management, oversight and governance role under the EU UCITS legislation reporting directly to the Board of Franklin Templeton Investment Funds. Mr Lockwood has been working in the financial services industry in Luxembourg since 1982. He is a Scottish Chartered Accountant and a Member of the Chartered Institute for Securities & Investment, London. He has served as a director and international vice chairman of the Luxembourg Fund Industry Association (ALFI) and as a council member of the Institute of Chartered Accountants of Scotland.

## Report of the Board of Directors (continued)

### The Board of Directors (continued)

#### **Jed A. Plafker**

*Director since April 13, 2017*

Mr. Plafker (53) is Executive Vice President of Global Alliances and New Business Strategies for Franklin Templeton. In this position, Mr. Plafker is responsible for the expansion of the company's digital wealth management and distribution-related financial technology, ensuring that the firm fully harnesses these capabilities for financial advisors and clients. In addition, he partners closely with the CEO to drive execution of the Legg Mason acquisition, working closely with the Specialist Investment Managers, to maximize coordination and operating connectivity across all aspects of the firm. Mr. Plafker is also responsible for the company's closed-end fund business, joint ventures, product governance, seed capital allocations, fund board management, and direct-to-consumer initiatives. He serves as a director of various Franklin Templeton corporate and investment entities and is a member of the Franklin Resources' Executive Committee, a small group of the company's top leaders responsible for shaping the firm's overall strategy.

Prior to assuming his current position in 2020, Mr. Plafker was Executive Vice President of Global Advisory Services, overseeing Franklin Templeton's global distribution efforts, including retail and institutional sales, marketing and product strategy. Prior to that, he was responsible for international distribution for the firm beginning in 2006. Mr. Plafker joined Franklin Templeton as a corporate attorney in 1994 and later served as chief legal counsel - Asia. In 2001, he moved to the distribution side of the business as Country Head of Hong Kong. Thereafter, he became a Managing Director in Europe.

Mr. Plafker earned a B.A. in economics and business from Lafayette College in Easton, Pennsylvania, and a Juris Doctorate from the University of Miami in Coral Gables, Florida.

#### **Craig S. Tyle**

*Director since December 20, 2022*

Craig S. Tyle (63) is a Senior Advisor for Franklin Templeton. Prior to his current role, Mr. Tyle was Executive Vice President and General Counsel for Franklin Resources, Inc., overseeing the Legal, Regulatory Compliance and Investment Compliance departments. Mr. Tyle is also Director of Irish domiciled Franklin Templeton funds. He joined Franklin Templeton in 2005. Previously, he was a partner at Shearman & Sterling LLP in Washington D.C., where his clients included investment advisory firms, investment companies and independent directors of investment companies.

Before joining Shearman & Sterling, Mr. Tyle was General Counsel for the Investment Company Institute (ICI), the national association of the mutual fund industry. As General Counsel, Mr. Tyle helped to develop industry positions on legislative and regulatory proposals, and was responsible for the drafting of Congressional testimony and submissions to the U.S. Securities and Exchange Commission and other federal, state and foreign regulatory agencies. Prior to being appointed General Counsel, Mr. Tyle held various positions in the ICI's legal department.

He started his career as an attorney with Sullivan & Cromwell LLP in New York. Mr. Tyle earned his B.A. with high honors from Swarthmore College and graduated magna cum laude from Harvard Law School.

#### **Anouk Agnes\***

*Director since November 30, 2022*

Anouk Agnes (50) is an independent director with a focus on financial services. She is currently a member of several investment fund and management company boards in Luxembourg. Until May 2022, Mrs Agnes served as Economic Advisor to the Prime Minister of Luxembourg. She joined the Prime Minister's office after 7 years at ALFI, the Association of the Luxembourg Fund Industry, where she was the Deputy Director General and the Director for Communications and Business Development.

Mrs Agnes previously worked as an Advisor to the Minister of Finance, with her main responsibilities targeted at the development of the financial centre. As such, she acted as the Secretary General of the High-level Committee for the Financial Centre, as well as Deputy Director General of Luxembourg for Finance, the Agency for the development of the financial centre. Mrs Agnes started her career in the area of international development cooperation in the Philippines and in Namibia. She holds Master's degrees in law (LL.M) and in political science (M.Sc).

## Report of the Board of Directors (continued)

### The Board of Directors (continued)

#### **Joseph La Rocque\***

*Director since November 30, 2022*

Joseph La Rocque (57) is the Founder of and provides US tax consultancy services on behalf of Lighthouse Tax Advisors in Baltimore, Maryland, USA. Mr. LaRocque is also an Independent Director of US, UK Luxembourg and Irish domiciled funds and Management Companies. He is also the Chairman of the Irish domiciled Franklin Templeton Fund families. He is a former Managing Director in charge of Affiliate Strategic Initiatives at Legg Mason. Mr. LaRocque worked for Legg Mason from 2001 until July 2019.

He is a Certified Public Accountant and from 1991 to 2001 was employed by PricewaterhouseCoopers in Boston, Massachusetts, Dublin, Ireland and Baltimore, Maryland in several capacities, most recently as a Senior Manager in their global financial services practice.

#### **Virginie Lagrange\***

*Director since November 30, 2023*

Virginie Lagrange (53) is the current Chair of the Luxembourg Institute of Directors (ILA). She is an Independent Director certified by INSEAD and ILA and a Chartered Accountant. She sits / chairs Boards, Audit / Risk Committees and Remuneration / Nomination Committees of several Insurance Companies, Banks, Management Companies and Funds. She has 30 years of experience in the Bank and Investment Fund industry in Luxembourg. She started as bank auditor at Ernst & Young in 1993. In 2000 she joined UBS as Head Internal Audit and then as Chief Risk Officer. In 2009 she became Chief Financial Officer at Credit Suisse and in 2010 she joined Nomura Bank Luxembourg as Chief Internal Auditor before being promoted Chief Administrative Officer. Virginie holds a Master in Management from the French Ecole de Commerce of Marseille. She speaks fluent French, German and English.

*\*Independent directors*

## Roles and Responsibilities of the Board

The responsibilities of the Board is governed by the Luxembourg law. With respect to the annual accounts of the Company, the duties of the Directors are governed by the law of December 10, 2010 on, inter alia, the accounting and annual accounts of undertakings for collective investment and by the law of December 17, 2010, as amended, relating to undertakings for collective investment.

A management agreement between the Company and Franklin Templeton International Services S.à r.l. (the "Management Company") sets out the matters over which the Management Company has authority under chapter 15 of the law December 17, 2010. This includes the investment management of the assets of the Company, the administration of the Company and the implementation of the Company's distribution and marketing policies.

Prior to each Board meeting the Directors receive detailed and timely information allowing them to be prepared for the items under discussion during the meeting. For each quarterly meeting, as well as for any additional meeting where this could be relevant, the Board receives reports from, among the other contributors, the Management Company and the investment managers, as appropriate. Senior representatives for each function attend the Board meetings by invitation to enable the Directors to question the reports presented to them.

The Board has organized two sub-committees composed of Board members to enhance the level of governance and allow a more thorough and efficient review of the relevant materials and information.

The Board Operations, Valuation and Audit Committee ("BOVAC") chaired by Ms. Lagrange is convened quarterly in conjunction with the meetings of the Board of the Directors of the Company. It receives materials, updates and insights from relevant internal and external functions, approves matters within its competences, and recommends approvals to the full Board of Directors where necessary. It reports back to the full Board of Directors at the quarterly full Board of Directors' meeting.

## Report of the Board of Directors (continued)

### The Board of Directors (continued)

The Board Product Approval Committee ("BPAC") chaired by Mr. Tyle is focused on matters relevant, or impacting shareholders, from a product standpoint. It is convened on an ad-hoc basis, it receives materials from internal and external relevant functions to instruct its decisions. It may approve matters within its competences and recommend approvals to the full Board of Directors where necessary. It reports back to the full Board of Directors at the next opportunity.

The Directors take decisions in the interest of the Company and its Shareholders, as a whole, and refrain from taking part in any deliberation or decision which may create a conflict of interest between their personal interests and those of the Company and its Shareholders.

The Prospectus and the Management Company's policy on conflict of interest provide further details in this respect. the Management Company's policy on conflict of interest is available at the following link:

International Conflict of Interest Policy Overview<sup>1</sup>

The Board and its members can take independent professional advice at the Company's expenses, where considered necessary.

## THE FUND

At June 30, 2024 Franklin Templeton Investment Funds ("FTIF", or the "Company") had assets under management of USD 69.13 billion, up from USD 61.17 billion a year earlier.

The financial year was marked by the continued expansion of the range and depth of the Company's offer, as detailed below. For more information on these events, please refer to Note 1.

### Fund Closures

Franklin Emerging Market Sovereign Debt Hard Currency Fund was put into liquidation effective April 15, 2024 and closed with a final NAV on April 29, 2024.

Franklin Global Aggregate Bond Fund was put into liquidation effective January 15, 2024 and closed with a final NAV on January 25, 2024.

Franklin NextStep Dynamic Growth Fund was put into liquidation effective November 27, 2023 and closed with a final NAV on December 5, 2023.

Franklin NextStep Stable Growth Fund was put into liquidation effective November 27, 2023 and closed with a final NAV on December 5, 2023.

Templeton Global Total Return II Fund was put into liquidation effective September 25, 2023 and closed with a final NAV on October 9, 2023.

The Company will continue to make changes to the range of sub-funds when this is in the best interest of investors. We remain Committed to retaining investment techniques that have been shown, over time, to increase shareholder value.

For the full list of share classes offered as at June 30, 2024, please refer to the Statistical Information section.

### Corporate Governance and ALFI Code of Conduct

The Board is responsible for monitoring that a high level of corporate governance is met and considers that the Company is committed to comply with the best practises and standards of the Luxembourg fund industry.

In that sense, the Board has adopted the ALFI Code of Conduct (the "Code"), which provides principles of good practice.

<sup>1</sup><https://franklintempletonprod.widen.net/s/vsdwgh9nbm/mifid-ii-conflicts-of-interest-policy>

## Report of the Board of Directors (continued)

### The Board of Directors (continued)

The Code is available at the following link:

ALFI Code of Conduct<sup>2</sup>

The Board confirms that in the course of the financial year in scope the Company has adhered to the principles of the Code and followed the recommendations provided therein.

The Board has actioned the improvements that were deemed appropriate as a result of the recurring annual review performed to ensure ongoing compliance with the Code.

### Environmental Social Governance (“ESG”)

In accordance with Article 11(1) of Regulation (EU) 2019/2088, for financial products promoting environmental or social characteristics or having sustainable investments as their objective, the information on the environmental or social characteristics or sustainable investment is provided in the Additional Information section of the annual report.

### Final Considerations

Thank you for investing with Franklin Templeton. Please be advised that the prospectus, the Key Information Documents (“KIDs”) or Key Investor Information Documents (“KIIDs”) and all Funds and share classes of FTIF may not be available in your jurisdiction.

If you have any queries, comments or suggestions about your investments with us please contact your financial adviser or your local Franklin Templeton office using the contact details on the last page of the report.

### Subsequent Events

Please refer to Note 30 for details of subsequent events after the year-end.

# Report of the Investment Managers

## Year to June 30, 2024

Global equities overall rose substantially during the 12-month period ended 30 June 2024. Following the volatility during August through October 2023, equities worldwide trended higher during the rest of the 12-month period amid artificial intelligence (AI)-enthusiasm, a generally improving economic outlook, the eventual start of interest-rate cuts in Europe in June, and hopes for rate cuts in the United States and the United Kingdom in 2024's second half. Nonetheless, investors remained concerned about the ongoing Russia-Ukraine war, the outbreak of war between Israel and Hamas, and various political developments in Europe during 2024's busy election cycle. As measured by MSCI indexes in US-dollar (USD) terms, developed market equities—driven by the strong performance of US stocks—outperformed a global index, while emerging market and frontier market stocks significantly trailed it. In terms of investment style, global growth stocks considerably outpaced global value stocks.

European stocks advanced during the 12-month period, aided by generally resilient economic growth, the European Central Bank's (ECB's) interest-rate cut in June and investor optimism the Bank of England (BoE) might follow suit in August. Despite the heightened volatility towards period-end due to the announcements of snap elections in France and the United Kingdom, all of the region's developed and emerging equity markets ended the period higher, all in USD terms. On the economic front, the eurozone's GDP grew at a modest rate sequentially in 2024's first quarter after contracting in the previous quarter. The currency bloc's manufacturing activity contracted in June for the 24th successive month, while its services activity expanded for the fifth consecutive month. The ECB cut its key refinancing rate at its June meeting, following nine months of holding the rate at a two-decade high. In the United Kingdom, GDP expanded sequentially in the first quarter after contracting for two consecutive quarters, indicating the country exited a technical recession. Following a contraction in April, UK manufacturing activity returned to growth in May and continued expanding in June, while services activity expanded in June for the eighth successive month. After raising its key bank rate in August 2023, the BoE left it unchanged during the rest of the period, holding it at the highest level in more than 16 years.

US stocks outperformed gauges of developed, emerging and frontier market equities for the 12 months under review, all in USD terms. Following the volatile months of August through October 2023, major US indexes repeatedly reached new record highs during the rest of the period amid AI fervour, stronger-than-expected earnings reports, and hopes for interest-rate cuts in the latter part of 2024. After raising the federal funds target rate in July 2023 to the highest level in more than two decades, the US Federal Reserve (Fed) paused during the rest of the period as it waited for additional data that would give it greater confidence that inflation is moving towards its 2.0% long-run goal. Annual inflation, as measured by the core personal consumption expenditures price index—the Fed's preferred inflation gauge—rose in May at the slowest rate since March 2021 but remained above the Fed's target. The US labour market cooled during the period but remained resilient. Meanwhile, gross domestic product (GDP) expanded in 2024's first quarter at a significantly slower annual rate than in the prior two quarters. Manufacturing activity contracted during most of the period except for a slight expansion in March 2024, while services activity rose during most of the period except for contractions in April and June.

In credit markets, outside of non-eurozone Europe, sovereign bond yields were generally higher over the period under review across both developed and emerging markets. The yield on the 10-year US Treasury note rose by 56 basis points (bps) to 4.40% over the period, as economic developments in the United States pushed back investor expectations of interest-rate cuts. In the eurozone, increases were more subdued, with the yield on the 10-year German Bund rising by 11 bps to 2.50%; outside the eurozone, sovereign bond yields generally fell in Europe's developed and emerging markets. Emerging Asian and Latin American government bond yields were mostly higher over the period. In Japan, the relaxation and then removal of yield curve control saw the 10-year government bond yield breach the 1% level for the first time since 2012; it rose by 66 bps to 1.05% over the period.

The global commodity complex collective rose during the 12 months under review, driven largely by price increases in crude oil, as well as certain precious and industrial metals, countered by price decreases in natural gas and major agriculture products. The USD was a mild headwind as it appreciated against a basket of its major currency counterparts, which made USD-denominated commodities more expensive for most non-US buyers. The commodity market's underpinnings appeared increasingly dependent on OPEC (Organization of the Petroleum Exporting Countries) oil-supply curbs (with oil serving as one of the most sensitive indicators of global economic growth), as well as monetary and fiscal stimulus measures in China, the record-setting US stock market, and geopolitical risk (i.e., wars in the Middle East and Europe). US and international benchmark crude oil prices touched six-month highs in April; despite declining for the second quarter amid oversupply concerns and tepid demand growth, they ended the 12-month period substantially higher. Spot gold reached new record highs and posted its third quarterly gain in a row in 2024's second quarter despite a seemingly tough fundamental backdrop for precious metals: high interest rates, tapering inflation, a strong stock market and a still-growing US economy.

As we enter the second half of 2024, global growth remains constructive in the developed world as leading indicators suggest continued expansion. Despite the optimism in equity markets, supported by an ongoing expansion in global economic activity, we see a balance of risks across assets. Improving earnings expectations support the outlook for global equities despite localised margin pressures. Longer-term equity fundamentals favour regions with proven earnings power and continued corporate resilience. In fixed income, the prospect of only a slow normalisation of inflation highlights bond risks as well. Yields are attractive, in our assessment, but may already largely discount likely policy easing. Corporate bond spreads remain low but offer adequate compensation for default risk given continued growth.

**THE INVESTMENT MANAGERS**

July, 2024

## **Audit report**

To the Shareholders of  
**FRANKLIN TEMPLETON INVESTMENT FUNDS**

---

### **Our opinion**

In our opinion, the accompanying financial statements give a true and fair view of the financial position of FRANKLIN TEMPLETON INVESTMENT FUNDS (the “Fund”) and of each of its sub-funds as at 30 June 2024, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

#### *What we have audited*

The Fund’s financial statements comprise:

- the statement of net assets as at 30 June 2024;
- the statement of operations and changes in net assets for the year then ended;
- the schedule of investments as at 30 June 2024; and
- the notes to the financial statements, which include a summary of significant accounting policies.

---

### **Basis for opinion**

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

---

### **Other information**

The Board of Directors is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

---

*PricewaterhouseCoopers, Société coopérative, 2 rue Gerhard Mercator, B.P. 1443, L-1014 Luxembourg  
T : +352 494848 1, F : +352 494848 2900, [www.pwc.lu](http://www.pwc.lu)*

*Cabinet de révision agréé. Expert-comptable (autorisation gouvernementale n°10028256)  
R.C.S. Luxembourg B 65 477 - TVA LU25482518*

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

---

**Responsibilities of the Board of Directors for the financial statements**

The Board of Directors is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

---

**Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements**

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors;

- conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The performance is based on the net asset values as calculated on the last business day of the year June 28, 2024. Those net asset values reflect the market prices of the investments as of the last business day of the year. The performance is based on the change of the net asset value per share.

The Fund Performance disclosed in this table is the performance of the reference share class in base currency of the Fund.

Where Class A distribution “A (dis)” Shares are disclosed, the performance is calculated with all the income reinvested (total return). Information on other share classes is available on request.

<sup>2</sup> Unaudited figures.

<sup>1</sup> The launch date is for the Fund, however the reference share class launched at a later date.

<sup>2</sup> Fund performance prior to September 1996 excluded from calculation because a different portfolio allocation strategy was in use.

Information on other share classes is available on request. This report shall not constitute an offer or a solicitation of an offer to buy shares. Subscriptions are to be made on the basis of the current prospectus, where available the relevant Key Information Documents (“KIDs”) or Key Investor Information Documents (“KIIDs”), a copy of the latest available audited annual report and, if published thereafter, the latest unaudited semi-annual report. The price of shares and income from them can go down as well as up and you may not get back the full amount that you invested. Past performance is no guarantee of future performance. Currency fluctuations may affect the value of investments.

\*This Fund / Share class was launched during the year.

<sup>a</sup>This Fund / Share class was closed during the year.

<sup>b</sup>The share class was liquidated on January 12, 2024 and relaunched on April 19, 2024.

<sup>c</sup>Please refer Note 1 for fund events.

<sup>d</sup>Proceeds received from sale of restricted securities sold during the current period which were considered as nil value in the last fiscal year which led to huge increase in NAV as at 28th June 2024.

Per Share NAV disclosed is as of June 28, 2024 the last valuation of the fiscal year.

# Notes to Financial Statements

For the year ended June 30, 2024

## Note 1 - The Company

Franklin Templeton Investment Funds ("FTIF" or the "Company") is a collective investment undertaking pursuant to Part I of the amended Luxembourg law of December 17, 2010 on undertakings for collective investment and qualifies as a société d'investissement à capital variable. The Company was incorporated in Luxembourg on November 6, 1990, for an undetermined period. At the date of this report, it offers shares in 81 sub-funds of the Company (the "Funds"). The Board of Directors of the Company may authorise the creation of additional Funds in future with different investment objectives.

The Company aims to provide investors with a choice of Funds investing in a wide range of transferable securities and other eligible assets on a worldwide basis and featuring a diverse array of investment objectives, including capital growth and income. The overall objective of the Company is to seek to minimise investment exposure through diversification and to provide Shareholders with the benefit of a portfolio managed by Franklin Templeton, according to its successful time-tested investment selection methods.

The remaining amount of cash at bank is USD 1,892 as at June 30, 2024. The management company is monitoring the cash which will be used to cover costs linked to liquidation.

Templeton Global Total Return II Fund was put into liquidation effective September 25, 2023 and closed with a final NAV on October 9, 2023. The remaining amount of overdraft at bank is USD 42 as at June 30, 2024 and any further liquidation costs including this overdraft will be monitored by the management company.

## Note 1 - The Company (continued)

### Fund closures (continued)

As of June 30, 2024, the above cash balances are still open and there is no Shareholder in the Funds. The cash accounts will be closed as soon as all invoices are paid. In case of remaining cash, the amount will be distributed to Shareholders that were still invested at closure.

### Fund and Share Class Name changes

- Franklin UK Equity Income Fund renamed to Martin Currie UK Equity Income Fund effective from December 29, 2023.
- Templeton European Dividend Fund renamed to Templeton European Sustainability Improvers Fund effective from March 25, 2024.

Effective March 21, 2024, the share classes listed below have been renamed:

- Franklin Emerging Market Sovereign Debt Hard Currency Fund: Share class was renamed from EB (acc) USD to P1 (acc) USD.
- Franklin Euro Short Duration Bond Fund: Share class was renamed from EB (acc) EUR to P2 (acc) EUR and EB (Qdis) EUR to P2 (Qdis) EUR.
- Franklin Sealand China A-Shares Fund: Share class was renamed from EB (acc) EUR to P1 (acc) EUR, EB (acc) USD to P1 (acc) USD and EB (Ydis) USD to P1 (Ydis) USD.
- Martin Currie UK Equity Income Fund: Share class was renamed from EB (Qdis) GBP to P2 (Qdis) GBP and EB (Qdis) USD to P2 (Qdis) USD.
- Templeton Emerging Markets Sustainability Fund: Share class was renamed from EB (acc) EUR to P1 (acc) EUR, EB (acc) GBP to P1 (acc) GBP and EB (acc) USD to P1 (acc) USD.

## Note 2 - Significant accounting policies

### (a) General

The financial statements are prepared in accordance with the regulations of the Grand Duchy of Luxembourg relating to investment funds under the going concern basis of accounting, with the exception of Franklin NextStep Balanced Growth Fund which got merged effective August 16, 2024. Hence the financial statements for this sub-fund have been prepared on a liquidation basis. The application of the non-going concern basis of accounting has not led to material adjustments to the sub-funds published net asset value.

### (b) Investment in securities

Securities which are listed on a stock exchange or traded on any other organised market are valued at the last available price on such exchange or market which is normally the principal market for each security, and those securities dealt in on an over-the-counter market are valued in a manner as near as possible to that for quoted securities.

Securities not listed on any stock exchange nor traded on any organised market are valued at the last available price, or if such price is not representative of their fair value, they are valued prudently and in good faith on the basis of their reasonably foreseeable sales prices.

In accordance with the provisions of the current prospectus, Market Level Fair Valuation may be implemented to protect the interests of the Company's shareholders against market timing practices, as market timers may seek to exploit possible delays between the change in the value of a Fund's portfolio holdings and the Net Asset Value of the Fund's Shares in Funds that hold significant investments in foreign securities because certain foreign markets close several hours ahead of the US markets, and in Funds that hold significant investments in small-cap securities, high-yield (junk) bonds and other types of investments which may not be frequently traded.

## Note 2 - Significant accounting policies (continued)

### (b) Investment in securities (continued)

The Company's directors are using several methods to reduce the risk of market timing. As at June 30, 2024, a Market Level Fair Valuation was applied to the following Funds:

Franklin Biotechnology Discovery Fund  
Franklin Disruptive Commerce Fund  
Franklin Diversified Balanced Fund  
Franklin Diversified Conservative Fund  
Franklin Diversified Dynamic Fund  
Franklin Euro Government Bond Fund  
Franklin Euro Short Duration Bond Fund  
Franklin European Total Return Fund  
Franklin Genomic Advancements Fund  
Franklin Global Fundamental Strategies Fund  
Franklin Global Growth Fund  
Franklin Global Income Fund  
Franklin Global Multi-Asset Income Fund  
Franklin Global Real Estate Fund  
Franklin Gold and Precious Metals Fund  
Franklin Income Fund  
Franklin India Fund  
Franklin Innovation Fund  
Franklin Intelligent Machines Fund  
Franklin Japan Fund  
Franklin K2 Alternative Strategies Fund  
Franklin MENA Fund  
Franklin Mutual European Fund  
Franklin Mutual Global Discovery Fund  
Franklin Natural Resources Fund  
Franklin NextStep Balanced Growth Fund  
Franklin NextStep Conservative Fund  
Franklin NextStep Growth Fund  
Franklin NextStep Moderate Fund  
Franklin Sealand China A-Shares Fund  
Franklin Technology Fund  
Martin Currie UK Equity Income Fund  
Templeton All China Equity Fund  
Templeton Asia Equity Total Return Fund  
Templeton Asian Growth Fund  
Templeton Asian Smaller Companies Fund  
Templeton BRIC Fund  
Templeton China A-Shares Fund  
Templeton China Fund  
Templeton Eastern Europe Fund  
Templeton Emerging Markets Dynamic Income Fund  
Templeton Emerging Markets Fund  
Templeton Emerging Markets Smaller Companies Fund  
Templeton Emerging Markets Sustainability Fund  
Templeton Euroland Fund  
Templeton European Opportunities Fund  
Templeton European Small-Mid Cap Fund  
Templeton European Sustainability Improvers Fund  
Templeton Frontier Markets Fund

## Note 2 - Significant accounting policies (continued)

### (b) Investment in securities (continued)

Templeton Global Balanced Fund  
Templeton Global Climate Change Fund  
Templeton Global Equity Income Fund  
Templeton Global Fund  
Templeton Global Income Fund  
Templeton Global Smaller Companies Fund  
Templeton Growth (Euro) Fund

The Company has procedures to determine the fair value of individual securities and other assets for which market prices are not readily available or which may not be reliably priced. In such circumstances, the price of such investment shall be adjusted in accordance with the procedures adopted, as determined by or under the direction of the Board of Directors.

During the accounting year under review, gains and losses on investment securities sold were computed on the average cost basis for all Funds with the exception of the Franklin High Yield Fund, the Franklin Income Fund, the Franklin U.S. Government Fund, the Templeton Asian Bond Fund and the Templeton BRIC Fund which were computed on the first-in, first-out basis.

During the accounting year under review, discounts and premiums were amortised to income over the year to maturity.

For mortgage-backed and other similar holdings with scheduled debt paydowns, the funds record accruals, based on their historical experience, for anticipated paydowns. Such accruals are recorded as a reduction or increase to the related holdings as disclosed on the Schedule of Investments and are included in the related unrealised appreciation/depreciation on investments shown on the "Statement of Operations and Changes in Net Assets".

Money market instruments are valued at market value.

On February 24, 2022, Russia began military operations in the sovereign territory of Ukraine. The current political and financial uncertainty surrounding Russia and Ukraine has increased market volatility and the economic risk of investing in securities in these countries and other impacted countries within the region. Due to the sanctions, actions by governments, developments in Ukraine itself and other circumstances, the Manager continues to assess the impact on valuation and liquidity and will take any potential actions needed, in accordance with the Funds' valuation policies and procedures. The Russian equity securities are priced at nil as at June 30, 2024.

Exposure within the sub-funds has been summarised as follows (exposure is limited to non-equity holdings as the equities have been fair valued at nil):

| Funds                                                           | As of      | %<br>Ukraine | %<br>Russia | %<br>Belarus | % Total<br>Exposed |
|-----------------------------------------------------------------|------------|--------------|-------------|--------------|--------------------|
| Franklin Emerging Market Corporate Debt Fund                    | 30/06/2024 | 1.16%        | 0.00%       | 0.35%        | 1.51%              |
| Franklin Emerging Markets Debt Opportunities Hard Currency Fund | 30/06/2024 | 0.59%        | 0.04%       | 0.78%        | 1.41%              |
| Franklin K2 Alternative Strategies Fund                         | 30/06/2024 | 0.49%        | 0.00%       | 0.00%        | 0.49%              |

### (c) Forward foreign exchange contracts

Forward foreign exchange contracts are valued at the forward rate applicable at the "Statement of Net Assets" date for the remaining period, until maturity. Gains or losses resulting from forward foreign exchange contracts are recognised in the "Statement of Operations and Changes in Net Assets".

### (d) Financial future contracts

The Company may enter into financial future contracts to gain exposure to market changes. A financial future contract is an agreement between two parties to buy or sell a security for a set price on a future date. Required initial margin deposits of cash or securities are maintained by a broker in a segregated account. Subsequent payments, known as variation margin, are made or received by the Company depending on the fluctuations in the value of the underlying securities. Such variation margin is

## **Note 2 - Significant accounting policies (continued)**

### **(d) Financial future contracts (continued)**

accounted for as unrealised gains or losses until the contract is closed, at which time the gains or losses are reclassified to realised gains or losses. Realised and unrealised gains and losses are included in the "Statement of Operations and Changes in Net Assets".

### **(e) Interest rate swap contracts**

Interest rate swap contracts are used to hedge the risk of changes in interest rates and are agreements between two parties to exchange cash flows based on a notional principal amount. The net interest received or paid on interest rate swap contract agreements is accrued daily as interest income/expense.

Interest rate swap contracts are marked to market daily based upon quotations from the market makers and the change, if any, is recorded as an unrealised gain or loss in the "Statement of Operations and Changes in Net Assets". When the swap contract is terminated early, the Fund records a realised gain or loss equal to the difference between the current net present value and the executed net present value. Any outstanding interest accrual is recorded as either a net receivable or net payable.

The risks of interest rate swap contracts include changes in market conditions and the possible inability of the counterparty to fulfil its obligations under the agreement.

### **(f) Inflation swap contracts**

An inflation swap contract is a bilateral agreement used to transfer inflation risk from one party to another through an exchange of cash flows.

Inflation swap contracts are marked to market daily based upon quotations from the market makers and the change, if any, is recorded as an unrealised gain or loss in the "Statement of Operations and Changes in Net Assets". When the swap contract is terminated early, the Fund records a realised gain or loss equal to the difference between the current net present value and the executed net present value. Any outstanding interest accrual is recorded as either a net receivable or net payable.

The risks of inflation swap contracts include changes in market conditions and the possible inability of the counterparty to fulfil its obligations under the agreement.

### **(g) Cross currency swap contracts**

A cross currency swap is an agreement between two parties to exchange interest payments and principals denominated in two different currencies. Cross currency swap contracts are marked to market daily based upon quotations from the market makers and the change in value, if any, is recorded as an unrealised gain or loss in the "Statement of Operations and Changes in Net Assets".

When the swap contract is terminated early, the Fund records a realised gain or loss equal to the difference between the current net present value and the executed net present value. Any outstanding interest accrual is recorded as either a net receivable or net payable.

The risks of cross currency swap contracts include changes in market conditions and the possible inability of the counterparty to fulfil its obligations under the agreement. There were holdings during the year. However, the fund had no exposure as at June 30, 2024.

### **(h) Total return swap contracts**

A total return swap is an agreement in which one party makes payments based on a set rate, either fixed or variable, while the other party makes payments based on the return of an underlying asset, which includes both the income it generates and any capital gains.

Total return swap contracts are marked to market daily based upon quotations from the market makers and the change in value, if any, is recorded as an unrealised gain or loss in the "Statement of Operations and Changes in Net Assets".

## **Note 2 - Significant accounting policies (continued)**

### **(h) Total return swap contracts (continued)**

When the swap contract is terminated early, the Fund records a realised gain or loss equal to the difference between the current net present value and the executed net present value. Any outstanding interest accrual is recorded as either a net receivable or net payable.

The risks of total return swap contracts include changes in market conditions and the possible inability of the counterparty to fulfil its obligations under the agreement.

### **(i) Contracts for difference**

Contracts for difference are contracts entered into between a broker and the Fund under which the parties agree to make payments to each other so as to replicate the economic consequences of holding a long or short position in the underlying security. Contracts for difference also mirror any corporate actions that take place.

Upon entering into contracts for difference, the Fund may be required to pledge to the broker an amount of cash and/or other assets equal to a certain percentage of the contract amount ("initial margin"). Subsequently, payments known as "variation margin" are made or received by the Fund periodically depending on fluctuations in the value of the underlying security.

The market value of CFDs is determined by the last known traded price on the exchange on which the underlying securities or assets are traded or admitted for trading. For underlying securities traded on markets closing after the time of the valuation, last known prices as of this time or such other time may be used.

Contracts for differences are marked to market daily based upon quotations from the market makers and the change in value, if any, is recorded as an unrealised gain or loss in the "Statement of Operations and Changes in Net Assets". Any payment received or paid to initiate a contract is recorded as a liability or asset in the "Statement of Net Assets". When the contract is terminated early, the Fund records a realised gain or loss for any payments received or paid.

### **(j) Credit default swap contracts**

A credit default swap contract is a credit derivative transaction in which two parties enter into an agreement, whereby one party pays the other a fixed periodic payment for the specified life of the agreement. The other party makes no payments unless a credit event, relating to a predetermined reference asset, occurs. If such an event occurs, the party will then make a payment to the first party, and the swap will terminate. The value of the underlying securities shall be taken into account for the calculation of the investment and borrowing powers applicable to individual users.

Credit default swap contracts are marked to market daily based upon quotations from the market makers and the change in value, if any, is recorded as an unrealised gain or loss in the "Statement of Operations and Changes in Net Assets". Any payment received or paid to initiate a contract is recorded as a liability or asset in the "Statement of Net Assets". When the swap contract is terminated early, the Fund records a realised gain or loss for any payments received or paid.

The risks of credit default swap contracts include unfavourable changes in interest rates, an illiquid secondary market and the possible inability of the counterparty to fulfil its obligations under the agreement, which may be in excess of the amount reflected in the "Statement of Net Assets".

### **(k) Option contracts**

Options are contracts entitling the holder to purchase or sell a specified number of shares or units of a particular security at a specified price at any time until the contract-stated expiration date. Options purchased are recorded as investments; options written (sold) are recorded as liabilities. When the exercise of an option results in a cash settlement, the difference between the premium (original option value) and the settlement proceeds is accounted for as a realised gain or loss. When securities are acquired or delivered upon exercise of an option, the acquisition cost or sale proceeds are adjusted by the amount of the premium. When an option is closed, the difference between the premium and the cost to close the position is accounted for as a realised gain or loss. When an option expires, the premium is accounted for as a realised gain for options written or as a realised loss for options purchased.

**Note 2 - Significant accounting policies (continued)****(k) Option contracts (continued)**

The risks include price movements in the underlying securities, the possibility there may be an illiquid options market, or the inability of the counterparties to fulfil their obligations under the contract.

The Company writes options on securities, futures and interest rate swaps ("swaptions"). These options are settled in cash and subject the Company to unlimited risk of loss. The Company, however, is not subject to credit risk on written options as the counterparty has already performed its obligation by paying the premium at the inception of the contract.

The market values are recorded under "Option Contracts at Market Value" in the "Statement of Net Assets".

**(l) Foreign exchange transactions**

Transactions expressed in currencies other than each Fund's currency are translated into each Fund's currency at the exchange rates applicable on the transaction dates.

Assets and liabilities denominated in currencies other than each Fund's currency are translated into each Fund's currency at the appropriate exchange rates ruling at the year end. Gains and losses on foreign exchange transactions are recognised in the "Statement of Operations and Changes in Net Assets" in determining the results for the accounting year.

The reference currency of the Company as reflected in the financial statements is U.S. dollar. The principal exchange rates applied as at June 30, 2024 are as follows:

|         |            |     |             |     |             |
|---------|------------|-----|-------------|-----|-------------|
| AED     | 3.6730     | IDR | 16,375.0000 | PHP | 58.4900     |
| AUD     | 1.4990     | ILS | 3.7714      | PLN | 4.0250      |
| BRL     | 5.5904     | INR | 83.3605     | PYG | 7,538.4950  |
| CAD     | 1.3682     | ISK | 138.8300    | QAR | 3.6458      |
| CHF     | 0.8984     | JPY | 160.8650    | RON | 4.6467      |

| CNH/CNY | 7.3000     | KRW | 1,379.9450  | RUB | 85.7500     |
| COP     | 4,150.7750 | KWD | 0.3067      | SAR | 3.7516      |
| CZK     | 23.3900    | KZT | 473.6100    | SEK | 10.5967     |
| DKK     | 6.9629     | MAD | 9.9703      | SGD | 1.3560      |
| DOP     | 59.0600    | MXN | 18.2930     | THB | 36.7250     |
| EGP     | 48.0300    | MYR | 4.7175      | TRY | 32.6566     |
| EUR     | 0.9336     | NAD | 18.1967     | TWD | 32.5070     |
| GBP     | 0.7910     | NGN | 1,525.0000  | UGX | 3,710.000   |
| GEL     | 2.8050     | NOK | 10.6760     | UYU | 39.4400     |
| GHS     | 15.3000    | NZD | 1.6418      | UZS | 12,557.6700 |
| HKD     | 7.8091     | OMR | 0.3850      | VND | 25,455.0000 |
| HUF     | 368.7950   | PEN | 3.8435      | ZAR | 18.1953     |

The above exchange rates have been rounded to four decimal places.

The list of the currency abbreviations is available in note 28.

**(m) Mortgage dollar rolls**

In a mortgage dollar roll, a Fund sells mortgage-backed securities for delivery in the current month and simultaneously contracts to repurchase substantially similar (name, type, coupon, and maturity) securities on a specified future date. During the year between the sale and repurchase, the Fund foregoes principal and interest paid on the mortgage-backed securities. The Fund is compensated by the difference between the current sales price and the lower forward price for the future purchase, as well as by the interest earned on the cash proceeds of the initial sale.

Mortgage dollar rolls are marked to market daily based upon quotations from the market makers and the change in value, if any, is recorded as an unrealised gain or loss in the "Statement of Operations and Changes in Net Assets".

The difference between the current sales price and the lower forward price is treated as realised gain.

## **Note 2 - Significant accounting policies (continued)**

### **(m) Mortgage dollar rolls (continued)**

The market values are recorded under "Investment in mortgage dollar rolls at market value" or under "Open Short Positions on mortgage dollar rolls" in the "Statement of Net Assets".

### **(n) Income**

Dividends are credited to income on their ex-dividend date. Interest income is accrued on a daily basis and includes the amortisation of premiums and accretion of discounts, where applicable. Bank interest is credited to the funds upon receipt. Swap interest where applicable is recorded in accordance with the terms of the relevant swap deal. Sundry income are principally comprised of derivative income – net margin interest/price alignment on futures, options, accrual adjustments pertaining to consent fees and tax reclaims.

### **(o) Securities lending**

To the extent permitted in the relevant Fund's investment policy, a Fund may utilise, on a temporary basis, up to 50% of its assets for securities lending transactions. The volume of the securities lending transactions of each Fund shall be kept at an appropriate level or each Fund shall be entitled to request the return of the securities lent in a manner that enables it, at all times, to meet its redemption obligations and that these transactions do not jeopardise the management of each Fund's assets in accordance with its investment policy. The counterparties to securities lending transactions are selected following an initial analysis, and subsequent annual review thereafter, of financial statements, company announcements, credit ratings and other market information which includes general market movements. While there are no predetermined legal status, credit rating or geographical criteria applied in the selection of the counterparties, these elements are typically taken into account in the selection process. Loans will be secured continuously by collateral which must at least equal the value of the securities lent. Securities lending income is disclosed under the caption "Securities lending" in the "Statement of Operations and Changes in Net Assets". Any transaction expenses in connection with the loans are charged to the concerned Fund.

### **(p) Formation expenses**

Formation expenses associated with the launch of the new Funds are expensed as incurred.

### **(q) Swing pricing**

A Fund may suffer dilution of the net asset value per share due to investors buying or selling shares in a Fund at a price that does not reflect dealing and other costs that arise when security trades are undertaken by the Investment Manager to accommodate cash inflows or outflows.

To counter this dilution impact and to protect Shareholders' interests, a swing pricing mechanism may be adopted by the Company as part of its valuation policy.

The Fund operates a swing pricing mechanism which is applied when the total estimated capital activity (aggregate of estimated inflows and outflows) at a Fund level exceeds a pre-determined threshold, as determined as a percentage of the net assets of that Fund for the Valuation Day. Funds can operate a full swing pricing mechanism where the threshold is set to zero or a partial swing pricing mechanism where the threshold is greater than zero.

Typically, such adjustment will increase the Net Asset Value per Share when there are net inflows into the Fund and decrease the Net Asset Value per Share when there are net outflows. The Net Asset Value per Share of each Share Class in a Fund will be calculated separately but any adjustment will, in percentage terms, affect the Net Asset Value per Share of each Share Class in a Fund identically. Swing pricing does not address the specific circumstances of each individual investor transaction.

The adjustments will seek to reflect the anticipated prices at which the Fund will be buying and selling assets as well as estimated transaction costs.

Investors are advised that the volatility of the Fund's Net Asset Value might not reflect the true portfolio performance as a consequence of the application of swing pricing.

## Note 2 - Significant accounting policies (continued)

### (q) Swing pricing (continued)

The size of the adjustment impact is determined by factors such as the volume of transactions, the purchase or sale prices of the underlying investments and the valuation method adopted to calculate the value of such underlying investments of the Fund.

The swing pricing mechanism may be applied across all Funds of the Company. The extent of the price adjustment will be reset by the Company on a periodic basis to reflect an approximation of current dealing and other costs. Such adjustment may vary from Fund to Fund and under normal conditions will not exceed 2% of the original Net Asset Value per Share. The Board of Directors can approve an increase of this limit in case of exceptional circumstances, unusually large Shareholders trading activities, and if it is deemed to be in the best interest of Shareholders.

The Management Company mandates authority to the Swing Pricing Oversight Committee to implement and on a periodic basis review, the operational decisions associated with swing pricing. This committee is responsible for decisions relating to swing pricing and the ongoing approval of swing factors which form the basis of pre-determined standing instructions.

The price adjustment is available on request from the Management Company at its registered office.

On certain share classes, the Management Company may be entitled to a performance fee, where applicable, this will be based on the unswung NAV.

No swing pricing applied as at June 30, 2024.

During the year swing pricing adjustments affected the net asset value per share of the following Funds:

Franklin Diversified Conservative Fund  
Franklin Emerging Market Corporate Debt Fund  
Franklin Emerging Market Sovereign Debt Hard Currency Fund  
Franklin Emerging Markets Debt Opportunities Hard Currency Fund  
Franklin Euro Government Bond Fund  
Franklin Euro Short Duration Bond Fund  
Franklin European Corporate Bond Fund  
Franklin European Total Return Fund  
Franklin Global Aggregate Bond Fund  
Franklin Global Convertible Securities Fund  
Franklin Global Real Estate Fund  
Franklin Gold and Precious Metals Fund  
Franklin Gulf Wealth Bond Fund  
Franklin Japan Fund  
Franklin MENA Fund  
Franklin NextStep Dynamic Growth Fund  
Franklin Sealand China A-Shares Fund  
Martin Currie UK Equity Income Fund  
Templeton Asian Smaller Companies Fund  
Templeton China Fund  
Templeton Emerging Markets Local Currency Bond Fund  
Templeton Emerging Markets Smaller Companies Fund  
Templeton Emerging Markets Sustainability Fund  
Templeton European Opportunities Fund  
Templeton European Small-Mid Cap Fund  
Templeton European Sustainability Improvers Fund  
Templeton Global Bond (Euro) Fund

## Note 2 - Significant accounting policies (continued)

### (r) Combined financial statements

The accounts of the Fund are expressed in U.S. dollar and the accounts of the sub-funds are kept in the currency of each sub-fund. The combined "Statement of Net Assets" and the combined "Statement of Operations and Changes in Net Assets" are the sum of the "Statement of Net Assets" and the "Statement of Operations and Changes in Net Assets" of each sub-fund converted into the currency of the Fund using exchange rates prevailing at year-end.

### Note 3 - Cross Funds Investments

Some Funds may invest into shares of UCITS and other open and closed end UCIs which may include other Funds of Franklin Templeton Investment Funds. As at June 30, 2024, the following Funds held shares issued by another Fund of the Company.

|                                                | Currency | Investment in securities<br>at market value as per<br>Statement<br>of Net Assets | Market value<br>of Cross Funds<br>investment | Investment in securities<br>at market value after<br>deduction of Cross Funds<br>investments |
|------------------------------------------------|----------|----------------------------------------------------------------------------------|----------------------------------------------|----------------------------------------------------------------------------------------------|
| Franklin Diversified Balanced Fund             | EUR      | 181,265,029                                                                      | 9,396,448                                    | 171,868,581                                                                                  |

**Note 14 - Investment management fees**

The Management Company receives from the Company a monthly investment management fee equivalent to a certain percentage per annum (as detailed below) of each Fund's average daily net assets during the accounting year. When Funds invest in other Franklin Templeton funds, a management fee is not applied to the amounts invested. The following percentages apply in respect of the different Funds as at year end.

The Investment Managers will be remunerated by the Management Company out of the investment management fee received from the Company.

No management fee is payable by an investor on the acquisition of Class X and Class Y shares, instead a fee is paid to the Investment Manager or affiliates under a separate agreement.

\* Please refer Note 1 for fund events.

**Note 15 - Performance fees**

The Management Company may be entitled to receive from the net assets attributable to a share class an annual performance-based incentive fee (the "Performance Fee") which, if applicable, will be calculated and accrued daily and payable as of the end of each fiscal year.

The performance fee becomes due in the event of outperformance, that is, if the increase in the NAV during the relevant performance period (after deduction of any subscription and/or redemption fees levied) exceeds (i) the increase in the target benchmark over the same period and (ii) the applicable high water mark point as defined in the prospectus.

If Shareholders redeem all or part of their shares before the end of a performance period, any accrued performance fee with respect to such shares will crystallise on that dealing day and will then become payable.

For the purpose of the Performance Fee calculation:

High Water Mark is calculated by reference to (i) the initial launch price or (ii) the NAV as of the last valuation day which formed the basis of an accrual within the relevant performance period, for which a performance fee was paid, whichever is the higher. The high-water mark is the highest peak in value that an investment fund has reached. The high-water mark ensures the fund does not pay for recovery of past performance.

Target NAV is the High Water Mark adjusted by the daily target benchmark return, where the target benchmark is the applicable benchmark as indicated above and is expressed in the currency in which the relevant share class is denominated or hedged into.

### Note 15 - Performance fees (continued)

Performance period refers to each fiscal year, except where a share class with a performance fee is launched during the fiscal year, in which case its first performance period will commence on the launch date. Please refer to the prospectus for more details.

The following performance fees apply in respect of the PF (Performance fee) shares during the year ended June 30, 2024.

| Fund and Share Classes                  | Sub-fund currency | Performance fees | Performance fees (amounts in sub-fund currency) | Percentage of average net assets | Target benchmark     |

### Note 16 - Soft commission

Consistent with obtaining best execution, brokerage commissions on portfolio transactions for the Company may be directed by the Investment Managers to broker-dealers in recognition of research services furnished by them as well as for services rendered in the execution of orders by such broker-dealers.

The receipt of investment research and information and related services permits the Investment Managers to supplement their own research and analysis and makes available to them the views and information of individuals and research staffs of other firms.

Such services do not include travel, accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employee salaries or direct money payment, which are paid for directly by the Investment Managers.

### Note 17 - Connected party transactions

Certain Directors of the Company are or may also be Officers and/or Directors of one or more of the various Investment Managers of the Funds, among others, Franklin Templeton Investments (Brasil) Ltd., Franklin Templeton Investments (Asia) Limited, Templeton Investment Counsel, LLC and Franklin Templeton Institutional, LLC. All transactions with connected parties were entered into in the ordinary course of business and under normal commercial terms. The investment management fees that are accrued by the Company in respect of the Management Company are detailed in note 14 to the financial statements.

There are no connected brokers in Franklin Templeton, and no transactions were entered into with connected brokers during the year ended June 30, 2024.

During the year ended June 30, 2024, the Company accrued administration and transfer agency fees and shares' maintenance and service charges in respect of Franklin Templeton International Services S.à r.l. as Management Company and Principal Distributor of the Funds.

Any investment in Cross Funds as defined in Note 3 or products issued by Franklin Templeton are made at normal market condition.

### Note 18 - Taxation

Under current tax laws and practice, the Company is not liable in the Grand Duchy of Luxembourg to any taxes on income or on realised or unrealised capital gains.

The Company is liable in the Grand Duchy of Luxembourg to a tax of 0.05% per annum, such tax being paid quarterly, and calculated on the net asset value of each Fund at the end of each relevant quarter (except the Franklin U.S. Dollar Short-Term Money Market Fund for which the rate is 0.01%). This tax is not applicable for the portion of the assets of a Fund invested in

**Note 18 - Taxation (continued)**

other undertakings for collective investment that have already been subject to such tax. Class I shares, Class J shares, Class P1 shares, Class X shares and Class Y shares may benefit from a reduced rate of 0.01% per annum if all shareholders of these share classes are institutional investors.

Investment income received or capital gains realised by the Company may be subject to tax in the countries of origin. All liabilities in respect of taxes payable on unrealised capital gains on investments are provided for as soon as there is a reasonable certainty that a liability will crystallise.

No stamp duty or other tax is payable in the Grand Duchy of Luxembourg on the issue of shares in the Company.

The Company is registered for Value Added Tax in the Grand Duchy of Luxembourg and subject to account for Value Added Tax in accordance with current laws.

**Note 19 - Share classes**

Class A shares: are offered at the applicable net asset value, plus an entry charge of up to 5.75% of the total amount invested varying per asset class. In addition, a maintenance charge of up to 0.50% per annum of the applicable average net asset value is deducted and paid to the Principal Distributor. This charge is accrued daily and is deducted and paid monthly to the Principal Distributor. A contingent deferred sales charge of up to 1.00%, retained by the Principal Distributor, applies to certain redemptions on qualified investments of USD 1 million or more within 18 months after repurchase.

Class AS shares: are offered in Singapore to CPF Investors as more fully described in the current prospectus of the Company. Class AS shares are offered at the applicable net asset value and are not subject to an entry charge. In addition, a maintenance charge of up to 0.40% per annum of the applicable average net asset value is deducted and paid to the Principal Distributor. This charge is accrued daily and is deducted and paid monthly to the Principal Distributor.

Class AX shares: are offered at the applicable net asset value, plus an entry charge of up to 5.75% (except for the Franklin Diversified Conservative Fund which has an entry charge of up to 5.00%) of the total amount invested varying per asset class. In addition, a maintenance charge of up to 0.50% per annum of the applicable average net asset value is deducted and paid to the Principal Distributor. This charge is accrued daily and is deducted and paid monthly to the Principal Distributor. A contingent deferred sales charge of up to 1.00% applies to certain redemptions on qualified investments of USD 1 million or more within 18 months after repurchase.

Class B shares: As from April 1, 2016, no additional Class B Shares are issued. Class B Shares purchased by an Investor prior to April 1, 2016 are subject to a contingent deferred sales charge up to 4.00% if such investor sells shares within 4 years of purchase. In addition, a maintenance charge of up to 0.75% per annum of the applicable average net asset value and a servicing charge of 1.06% per annum of the applicable average net asset value are applied. These charges are accrued daily and are deducted and paid monthly to the Principal Distributor and/or other parties. Starting from 2011, shares will be automatically converted into Class A shares of the same Fund 7 years after their purchase as more fully disclosed in the prospectus.

Class C shares: are not subject to an entry charge but are subject to a contingent deferred sales charge of 1.00% if an investor redeems shares within one year of purchase. In addition, a maintenance charge of 1.08% per annum of the applicable average net asset value is deducted. These charges are accrued daily and are deducted and paid monthly to the Principal Distributor and/or other party.

Class F shares: are not subject to an entry charge but are subject to a contingent deferred sales charge of up to 3.00% if an investor redeems shares within three years of purchase. In addition, a maintenance charge of up to 0.50% per annum of the applicable average net asset value and a servicing charge of 1.00% per annum of the applicable average net asset value are applied. These charges are accrued daily and are deducted and paid monthly to the Principal Distributor and/or other parties. Class F shares will be automatically converted into Class A shares of the same Fund free of charge on the monthly scheduled conversion date fixed by the Management Company upon or following the expiry of 36 months after the date of their purchase.

Class G shares: are not subject to an entry charge but are subject to a contingent deferred sales charge of up to 3.00% if an investor redeems shares within three years of purchase. In addition, a maintenance charge of 0.10% per annum of the applicable average net asset value and a servicing charge of 1.00% per annum of the applicable average net asset value are

#### **Note 19 - Share classes (continued)**

applied. These charges are accrued daily and are deducted and paid monthly to the Principal Distributor and/or other parties. Class G shares will be automatically converted into Class A shares of the same Fund free of charge on the monthly scheduled conversion date fixed by the Management Company upon or following the expiry of 36 months after the date of their purchase.

Class I shares: are offered to institutional investors as more fully described in the current prospectus of the Company. Purchases of Class I shares are not subject to an entry sales charge, nor a contingent deferred sales charge or any maintenance or servicing charges.

Class J shares: are offered to institutional investors in certain limited circumstances as more fully described in the current prospectus of the Company. Purchases of Class J shares are not subject to an entry sales charge, nor a contingent deferred sales charge or any maintenance or servicing charges.

Class N shares: are subject to an entry charge of up to 3.00% of the total amount invested. In addition, a maintenance charge of up to 1.25% per annum of the applicable average net asset value is accrued daily and is deducted and paid monthly to the Principal Distributor. Class N shares may be offered in certain limited circumstances as more fully described in the current prospectus of the Company.

Class P1 / P2 shares: are not subject to an entry charge, contingent deferred sales charge nor any maintenance or servicing charge. Class P1 / P2 shares may be offered in certain limited circumstances as more fully described in the current prospectus of the Company.

Class S shares: are not subject to an entry charge, contingent deferred sales charge nor any maintenance or servicing charge. Class S shares may be offered in certain limited circumstances as more fully described in the current prospectus of the Company.

Class W shares: are not subject to an entry charge, contingent deferred sales charge nor any maintenance or servicing charge. Class W shares may be offered in certain limited circumstances as more fully described in the current prospectus of the Company.

Class X shares: are not subject to an entry charge and no management fees will be payable by an investor on the acquisition of Class X shares (instead a fee is paid to the Investment Manager or affiliates under an agreement between the Investment Manager and the investor). Class X shares are offered to institutional investors in certain limited circumstances as more fully described in the current prospectus of the Company.

Class Y shares: are not subject to an entry charge and no management, registrar, transfer, corporate, domiciliary or administration fees will be payable by an investor on the acquisition of Class Y shares (instead a fee is paid to the Investment Manager or affiliates under an agreement between the Investment Manager and the investor). Class Y shares are offered to institutional investors in certain limited circumstances as more fully described in the current prospectus of the Company.

Class Z shares: are not subject to an entry charge, contingent deferred sales charge nor any maintenance or servicing charge. Class Z shares may be offered in certain limited circumstances as more fully described in the current prospectus of the Company.

Accumulating shares (acc): do not distribute any dividends but the income attributable is reflected in the increased value of the shares. All other terms and conditions are the same as those which apply to distributing share classes.

Distributing shares: may have different frequencies. (Mdirc) & (Mdis) share classes distribute monthly, (Qdis) share classes distribute quarterly, (Bdis) share classes distribute bi-annually and (Ydis) share classes distribute annually.

Class dirc shares: are distributing share classes with the suffix "dirc" are offered as part of a currency hedged share class.

Class pc shares\*: are distribution share classes designed to offer, under normal market conditions, dividend distribution at a fixed percentage of the Net Asset Value per Share or a fixed amount respectively.

Performance fee classes: are classes that are subject to performance fees and are denoted by the inclusion of "PF" in their names.

Hedged share classes: In respect of hedged share classes, the Company offers the following alternatives:

**Note 19 - Share classes (continued)**

- H1: in order to reduce exchange rate fluctuations and return fluctuations, the base currency exposure of the Fund is hedged into the hedged share class alternative currency.

- H2: a hedging strategy is applied in order to reduce the risk of currency movements between the currency of the hedged share class and other material currencies of the securities and cash held by the Fund.

- H4: where currency controls imposed by a country's monetary authority prevent free movement of currency ("Restricted Currency"), another hedging methodology is used. The share class is denominated in the base currency of the Fund but hedges the Fund's base currency into a specified Restricted Currency for investors in that Restricted Currency.

\*Please refer Note 30 for more information.

**Note 20 - Directors Fees**

For their role and services to the Board, the Independent Directors of the Board are remunerated an aggregate amount of EUR 350,000 per annum and an additional aggregate amount of EUR 30,000 per annum for membership and activities of the Board Committees. The rest of the Board members waive any right to remuneration.

**Note 21 - Expenses reimbursement**

On a daily basis, for share classes where the expenses are capped, the level of expenses is calculated and compared to the cap and where the level of expenses is higher than the cap, this difference is booked as a decrease of expense (the "waiver fees"). The performance fees do not form part of the capped expenses. On a monthly basis the waiver fees are deducted from the fees received by Franklin Templeton International Services S.à r.l.

The amount of waiver fees is disclosed as "Expenses reimbursement" in the "Statement of Operations and Changes in Net Assets".

**Note 22 - Other Charges**

Other expenses mainly consist of conducting officers fees, Shareholders reporting fee, legal fees, registration & filing fees, depository charges, paying agent fees, tax fees and miscellaneous fee/expense.

**Note 23 - Statement of changes in the investment portfolio**

A list, specifying for each Fund total purchases and sales transacted during the year under review, may be obtained, upon request, at the registered office of the Company.

**Note 24 - Transaction costs**

Transaction costs are costs incurred to acquire and dispose of financial assets or liabilities. They include fees and commissions paid to agents, brokers and dealers. During the year ended June 30, 2024, the Company incurred the following transaction costs:

| <b>Fund Name</b>                                                | <b>Currency</b> | <b>Amount#</b> |
|-----------------------------------------------------------------|-----------------|----------------|
| Franklin Biotechnology Discovery Fund                           | USD             | 1,729,709      |

| Templeton Latin America Fund                       | USD             | 219,569                   |

Please refer Note 1 for fund events.

<sup>#</sup>For debt securities and derivatives, transaction costs are not separately identifiable from the purchase price of the security and therefore cannot be disclosed separately.

**Note 25 - Equalisation**

The Funds use an accounting practice known as equalisation, by which a portion of the proceeds from issues and the costs of sale of shares, equivalent on a per share basis to the amount of undistributed net investment income on the date of the transaction, is credited or charged to undistributed income. As a result, undistributed net investment income per share is unaffected by issues or redemptions of shares. However, in respect of any Fund offering only Accumulation Shares, the Board of Directors and/or the Management Company reserves the right not to apply equalisation.

**Note 26 - Total Expense Ratio**

The Total Expense Ratio ("TER"), expressed as a percentage, represents how the total annualised expenses of each share class relate to the average net assets of each share class for the year ended June 30, 2024. The total expenses comprise the investment management fees, the administration and transfer agency fees, the custodian fees and other expenses. However, TER does not include performance fees as summarised in the "Statement of Operations and Changes in Net Assets."

For share classes launched during the year, the TER is annualised.

**Note 27 - Global Credit facility**

The Company together with other European and U.S. registered investment funds managed by Franklin Templeton (individually, "Borrower"; collectively, "Borrowers"), entered into a joint syndicated senior unsecured credit facility totalling USD 2,675 million (Global Credit Facility) to provide a source of funds to the Borrowers for temporary and emergency purposes, including the ability, to meet future unanticipated or unusually large redemption requests.

Under the terms of the Global Credit Facility, the Company will, in addition to interest charged on any borrowings made by the company and other costs incurred by the Company, pay its share of fees and expenses incurred in connection with the implementation and maintenance of the Global Credit Facility, based upon its relative share of the aggregate net assets of all of the Borrowers, including an annual commitment fee based upon the unused portion of the Global Credit Facility.

During the financial year ended June 30, 2024, the Company did not use the Global Credit Facility.

## Note 29 - Additional Information

Following the invasion of Ukraine by Russia and sanctions that followed, the Russian assets held by the Fund as of February 25, 2022 were segregated from the liquid assets of the Templeton Eastern Europe Fund and allocated to seven share classes newly created on November 11, 2022 (the "Restricted Share Classes"). Shares in such new classes listed below were allocated to shareholders on November 11, 2022 in a manner to reflect their respective percentage holdings in the Fund's total NAV as of February 25, 2022. The Restricted Share Classes are closed to all subscriptions, redemptions, and switches.

Restricted Share Classes - A (acc) EUR RC, A (acc) USD RC, A (Ydis) EUR RC, I (acc) EUR RC, N (acc) EUR RC, W (acc), EUR RC, X (acc) EUR RC.

## Note 30 - Subsequent events

Effective August 16, 2024, Franklin NextStep Balanced Growth Fund was merged into Franklin NextStep Moderate Fund.

Share class name change:

On August 27, 2024, Share Classes with the 'PC' code were renamed to the 'Plus' code, as detailed below.

Class Plus shares are distribution share classes designed to offer, under normal market conditions, dividend distribution at a pre-determined annual percentage of the Net Asset Value per Share that is not linked to income or capital gains.
